- A detailed update on the River Terrace project is scheduled for the May 21, 2013 City Council meeting.
- The River Terrace Community Plan is on schedule to be completed by March 2014.

The following issues were discussed between the City Council and staff:

- Completed master plans (i.e., Water Master Plan/Water Rates) should be incorporated in this project.
- The River Terrace Community Plan will utilize the West Bull Mountain Concept Plan. Elements of the Concept Plan will be compared to Tigard's master plans and adjusted to represent the city's and stakeholders' choices.
- Land use designations for commercial, residential, parks, etc. will be influenced by the need to be cost effective and fair to landowners.
- As the project gains momentum, the Stakeholders Working Group will continue to hear about issues people have with the West Bull Mountain Concept Plan. The more difficult issues are starting to come up.
- The scope of the infrastructure consultant RFP is not tightly written and off-site impacts, such as transportation impacts on the system outside the area, will be understood.

B. Discuss Social Gaming Regulations

Senior Management Analyst Wyatt presented the staff report and gave a history of the activity to date on the proposed social gaming draft ordinance now before the City Council. He referred to the proposed alternate language presented to the council. Police Chief Al Orr presented remarks outlining the Police Department's perspective and enforcement tools for/of social gaming regulations. Highlights:

- Discussion was held about the Portland social gaming ordinance model, which is in need of an update to comply with the Attorney General's opinions regarding the definitions and regulations on social gambling.
- King City recently adopted regulations to allow social gaming and the King City Police Chief indicated that these regulations will need tightening to comply with the Attorney General's opinions.
- The Attorney General's opinion is clear -- there should be no cover charge during the times social gaming is occurring at commercial establishments.

TIGARD CITY COUNCIL MEETING MINUTES – APRIL 23, 2013

- Police Chief Orr commented on the appeal process. Councilor Snider indicated he was satisfied with the appeal procedures.
- Mayor Cook advised that the changes reflected in the updated proposed ordinance alleviated his concerns.
- After discussion, consensus was that the definition of 50 percent of the floor area that can be used for social gaming activity should exclude the kitchen and storage areas along with the other exclusion areas listed in the proposed ordinance.
- The proposed ordinance does not limit social gaming to poker card games; the social gaming definition applies to games where betting occurs.
- Councilor Woodard commented on the changes to the proposed ordinance and advised his concerns were alleviated.
- City Attorney Watts explained the differences in social gaming in commercial establishments vs. charitable non-profit organizations (fundraising, “Monte Carlo” activities).
- Councilor Snider said he would prefer the 50 percent floor area provision be increased, but said overall the proposed ordinance with the alternate language was acceptable.
- Staff will schedule a public hearing and bring the proposed ordinance to City Council for its consideration.

C. Administrative Items

- City Council received an April 22, 2013, memo from Senior Management Analyst Wyatt regarding *Alternate Language for Draft Social Gaming Ordinance* and a draft ordinance with revisions highlighted.
- Update from staff on the Wal-Mart Petition: Emails from Wal-Mart petition signers, “No Wal-Mart in Tigard,” have been received by the City Council in recent days. After brief discussion, consensus of council was to agree that staff could respond to the signers in one email blast regarding the status of the Wal-Mart development application. Approximately 80 percent of the petition signers are non-Tigard residents.
- Council President Henderson requested to be copied on the email sent to the petition signers.

> Crosswalk on Walnut Street: Councilor Buehner noted several emails received by the City Council regarding a crosswalk on Walnut Street. City Manager Wine said she would look into this and report back to the City Council.

Councilor Dirksen distributed the following information to the City Council:

- *GreenScene* – Your spring guide to great places and green living. www.oregonmetro.gov
- *Optin* – Tell decision makers what’s important to you. www.oregonmetro.gov/connect

 - Councilor Buehner reported of concerns she noted at a recent MPAC meeting, Metro staff was not receptive to local governments’ funding challenges to meet mandates. Councilor Dirksen noted that policy issues will need to be resolved by elected officials.
 - Council President Henderson said he believed goal achievement could only be accomplished through understanding/influencing human behavior. Councilor Dirksen said he was not a proponent of forcing these types of changes on people and would rather work toward compliance through setting and achieving goals.
- Urban Growth Management Process
 - Councilor Dirksen advised that every five years Metro is required to do an Urban Growth Report to manage urban growth in the region. This report will contain the region’s population forecasts and employment growth projections for the next 20 years. Findings in the report will determine whether the Urban Growth Boundary (UGB) can accommodate that growth. The forecast and analysis will take place in 2014. If the UGB can accommodate the forecasted growth, there will be no need for expansion of the UGB. If it is determined that more capacity is needed, Metro

TIGARD CITY COUNCIL MEETING MINUTES – APRIL 23, 2013

7. SELECT A SOLID WASTE RATE MODEL AND CONSIDER A RESOLUTION TO ADJUST SOLID WASTE RATES BASED ON THE SLECTED RATE MODEL INCLUDING A ONE-PERCENT INCREASE IN THE SOLID WASTE FRANCHISE FEE (PUBLIC COMMENT TO BE HEARD PRIOR TO COUNCIL CONSIDERATION)

Staff Report: Public Works Business Manager Michelle Wright and Consultant Chris Bell of Bell & Associates were present.

Public Works Business Manager Wright reviewed the staff report. Council discussed solid waste rate and franchise fee adjustments at its March 19, 2013, workshop meeting. During that meeting the council requested the following additional information:

- The number of customers in each service type.

TIGARD CITY COUNCIL MEETING MINUTES – APRIL 23, 2013

- Cost of service, fixed rate and commercial subsidy rate models.
- Rate comparison with neighboring jurisdictions.

This additional information was included in the written staff report.

The mayor referred to the sign-in sheet that was available to anyone who wanted to comment on the adjustment to the solid waste rates. No one signed in to speak and the mayor asked if there was anyone present who wanted to speak on this matter. There was no testimony.

During discussion with staff on the proposed options, Mayor Cook, Council President Henderson, Councilor Buehner and Councilor Woodard indicated support for Option 1, which was the cost-of-service rate model. Councilor Snider said he favored Option 3, the commercial subsidy rate model, because it had a lesser impact on residential customers. He said Option 3 appears to be the most equitable with regard to sharing the increase in rates.

Mayor Cook and Council President Henderson commented on why they favored Option 1, noting their preference was to stay away from subsidizing commercial service. Ultimately, the consumer pays the commercial rate increases because businesses will pass these costs through by charging more for goods and services.

All three options included a 1 percent increase in the solid waste franchise fee. The increase will bring the total franchise fee up to 5 percent, which is consistent with other city franchise fees. Staff estimated the increase will generate \$90,000 annually.

During discussion, Consultant Bell confirmed for council that there has been no rate increase to the solid waste rates in Tigard for seven years.

Motion by Councilor Woodard, seconded by Council President Henderson, to select Option 1 and adopt Resolution No. 13-18.

RESOLUTION NO. 13-18 - A RESOLUTION ADOPTING A NEW SOLID WASTE RATE SCHEDULE AND DIRECTING CITY STAFF TO ADJUST THE SOLID WASTE FRANCHISE FEE

The motion was approved by a majority vote of City Council present:

Council President Henderson	Yes
Councilor Buehner	Yes
Councilor Snider	No
Councilor Woodard	Yes
